2020 Commercial Pesticide Applicator Recertification

Attention! Commercial pesticide applicators whose certification expires 12/31/2020. Due to many recertification meetings being canceled, Louisiana department of agriculture and forestry (LDAF) and the LSU AgCenter have developed the following schedule for virtual and in-person recertification opportunities. Please see the attachment with schedule and pre-registration requirements. Every attempt should be made to take advantage of this offering for recertification. Questions should be directed LDAF pesticide applicator certification & training Program Director, Joe Ingrao jingrao@ldaf.state.la.us.
